

# Wanted Fireball Crews

We currently have two Fireballs looking for crew

Looking for a challenging, exhilarating experience?

These boats are fast, especially in heavy airs.

Currently looking for crew in Fireball 14328 with John Piatt  
and Fireball 13661 With Rob Granville.

Both Fireballs are based on the Harbour spitside.

Some experience in trapeze work would be useful but tuition  
will be given on how to handle a symmetric spinnaker.

Possible chance to attend open meetings or  
even the Fireball Nationals!
